

CITATION OF INDEX JOURNAL ARTICLES PUBLISHED BY KWARA STATE COLLEGE OF EDUCATION ILORIN (1998-2001)

By

J.O. Awolola & M.K. Jatto

Abstract

Journal articles have become very popular in recent times. Scholars within the academic communities world over have found solace in writing not only for self development but also to assist learners at the various levels of the 6-3-3-4 education strata. Here in Nigeria, particularly in Kwara state, journal articles have become reliable sources of information for researchers, students, teachers, education and library users. Its is therefore, pertinent to carry out a detailed index process of Journal articles published by the Kwara state College of Education Ilorin (1998 - 2001) in order to further provide a Satisfactory guide for the student, researcher, teachers, education, academics, community and other library.

Purpose

Indexing and abstracting of journal articles are to aid researchers, educators, students and Librarians in their literature searches. The compilation will help researchers' teacher, students and other interested persons to see at a glance article already published in various subject areas.

Background

The index covers all journal articles published by the Kwara State College of education by the existing six journal houses. The abbreviations of journals indexed are given in the appendix.

Arrangement Scope and Limitation

The index arrangement consists of the Authors names in alphabetical order. The limitation of the work is that the title, abstract and subject entries were not included to reduce the volume of the work since it is presented as a journal article and not work to the published solely by the author. However, the name of the journal, volume and page nation are indicated to guide the readership.

Abbreviations of Journals Indexed

IJTE Ilorin Journal of teacher education

NEDJ Nigerian Education digest Journal

JOSIL Journal of students in Language and Literature

IJOSE Ilorin Journal of Sciences education

IJASS Ilorin Journal of art and Social Sciences

VOCHTECH Journal of Vocational and technical Studies
